Rolling Mills Close.

Chicago, 1.—The northside rolling mills have shut down for want of work, throwing out of employment 1,800 to 2,000 men. The southside mills continue running with no prospect of stopping. President Potter says that rails can be made there for \$5 a ton cheaper than at the northside mills, because of the labor saving machinery and many accommodations at the former, not possessed by the latter.

Joliet, 1.—The steel mills have given notice that they will shut down till January 1st.

Joliet, 1.—Three of the departments of the Joliet Steel Company shut down today, the Converter Steel Rail and the Merchant Iron mill. The great blast furnaces are still going. About 700 men are thrown out of employment. Notices are posted up around the mills that the departments named would be closed until the first of the year. No doubt the mills will resume provided a satisfactory adjustment of wages can be made with the men.

President O. W. Potter, of the north side rolling mill, says the mills shut down not through any trouble with the men, but lack of work. The south side mills, being run more economically on account of improved machinery, will continue. The north side makes rails at a cost of \$47 a ton, the south side mills at \$42 to \$43. The stoppage of the north side mills, removes 10,000 to 11,000 tons of rails from the market monthly.

The "Cedar Grove."

Canso, N. J.—The total number saved from the wrecked steamer Cedar Grove, is twenty-six, leaving five, Captain Fritz and Farrell, second and third engineers, and an unknown, still missing. Wreckers were very busy yesterday, a great many small packages were picked up, but no bodies. Lloyd's agent arrived to-day and proceeded to Walker's Head to take charge of the wreck.

The mate of the lost steamer says: I was on the deck of the Cedar Grove with a lady in one arm and holding on with the other, when a sea washed the lady from my grasp. The mate says he and the captain were standing on the starboard side of the chart room, when the captain sent him forward to let go the anchor, when the bow of the steamer went down with him and the lady. When he rose he got in a boat with some of the crew, but nothing was seen of the captain or the lady, and he thinks they are lost, as there was little or nothing floating to which they might cling until rescued.

Star Route Frauds.

Washington, 1.—Newspapers estimate that by the star route frauds the national treasury was robbed of \$1,500,000. This large sum is very far below the real total. Several months ago the attorney general estimated the amount stolen at \$4,000,000 net; the additional pay granted to ring contractors was more than \$200,000 per annum, in the last term of four years. Star route frauds, in one form or another, has been going on for ten or twelve years, and it would be difficult to estimate accurately the total amount stolen by straw bids, expedition and other methods, but it has been a very large sum. The estimate of \$4,000,000 may cover the amount stolen in the last contract term of four years and this is the probable period to which the attorney general referred.

Egypt.

Cairo, 1.—Through the good offices of Lord Dufferin, Egypt has arranged to do away with the trial of Arabi Pasha. Details secret.

London, 1.—The Egyptian government has applied to England for officers for the Egyptian army.

Baker Pasha, who has arrived at Cairo, was informed that England declines to recognize or sanction his appointment as commander in chief of the Egyptian army. It is believed that a British general will be sent to Egypt to take command of the force levied by Baker Pasha, as not holding a commission in the British army, is not competent to assume command over British officers.

Washington.

Washington, 1.—The Garfield board of audit has virtually concluded the consideration of all claims. The principal difficulty was in regard to the claims of physicians being so much in excess of the appropriation of \$35,000. All allowances are agreed upon, but will be withheld for a time.

Bonds surrendered to the United States by the executors of Lewis' will, amounting to \$250,000, not included in the reduction of the public debt for November.

Mexico and the United States.

Washington, 1.—Some months ago General Grant and Prescott were appointed commissioners to attend a convention for Mexican reciprocity, but though Mexico then favored the scheme, the press have since denounced it severely, the manufacturers having opposed it on the ground of necessity of protection to them from American industries. Mexico, therefore, is not likely to appoint an arbitrator to meet the United States committee.

Railroad Talk.

Chicago, 1.—New York special: It is announced that J. H. Devereux is to be elected president of the Nickelplated road at the January meeting, and the road will go into pool as an independent line in every way, and will not consent to be recognized as part of the Vanderbilt system. It is also stated that the general officers of the road will shortly be moved to Chicago.

Large Tobacco Sales.

Danville, Va., 1.—There was sold in this market, the last two months, 4,335,000 pounds of leaf tobacco, against 2,931,000 pounds the same period last tobacco year.

Paintings Stolen.

Paris, 1.—Several churches in the department of the Maine-Loire have been robbed. Seven valuable paintings were stolen from the church at Font Vraut.

LADIES and sickly girls requiring a non-alcoholic, gentle stimulant, will find Brown's Iron Bitters beneficial.

Libel Suit.

New York, 1.—In the criminal libel suit of August Belmont, vs. John Devoy, editor of the Irish Nation, counsel for plaintiff asked Devoy the name of the chief officers of the Irish revolutionary party in America who had appointed him (Devoy) as the committee to recover the Belmont-O'Mahony fund. Devoy declined to answer on the ground that he would be guilty of perjury if he gave the name; that his giving it would supply the British government with information very detrimental to the Irish national party. The court ruled that Devoy should answer the question, but he repeated his refusal saying his conscience would not permit him to answer. The prosecution then moved to commit Devoy for contempt, and the court reserved its decision till Monday.

Election Frauds.

New Orleans, 1.—The following named parties were indicted by the grand jury for participation in frauds at the recent elections: Edmond J. Dupasquier, Bartholomew Thaines, Jr., R. Ulrich, Dan Rees, Prosper Grand, Jr., Charles Cunes, Gustave Butler, Jr., William Lyons, James Dalgarn, Louis Kahm, William H. Buckley, John A. Brennan and John Vigora. Rees and Dupasquier gave bail in the sum of \$5,000 each.

Thurlow Weed's Will.

New York, 1.—The will of Thurlow Weed was filed to-day. The estate is valued at \$500,000 to \$600,000. After a number of minor bequests, the property is to be distributed among his three daughters and six grand-children.

Senator Kellogg.

Chicago, 1.—Washington special: Senator Lamar is unreservedly severe in his hostility to the attempt to refuse Kellogg a certificate of election to Congress in Louisiana, and says it will hurt the democrats greatly to indulge in such tricks.

Reconstruction Impossible.

This may not be true as regards states—indeed we know it is not; but it is absolutely true as regards those delicate organs, the human lungs. When they are disorganized and partly consumed, they cannot be restored to a healthy condition. But bear in mind that this misfortune can never happen if FAL'S HONEY OF HOREHOUND AND TAR is administered as a remedy for the cough which always precedes pulmonary consumption. Sold by druggists everywhere at 50c. and \$1. Great Saving to get the large size.

A Common-sense Remedy.

SALICYLICA.

No more Rheumatism, Gout or Neuralgia.
Immediate Relief Warranted.

Permanent Cure Guaranteed.

Five years established and never known to fail in a single case, acute or chronic. Refer to all prominent physicians and druggists for the standing of Salicylica.

THE ONLY DISSOLVER OF THE POISONOUS URIC ACID WHICH EXISTS IN THE BLOOD OF RHEUMATIC AND GOUTY PATIENTS.

SALICYLICA is known as a common sense remedy, because it strikes directly at the cause of Rheumatism, Gout and Neuralgia, while so many so-called specifics and supposed panaceas only treat locally the effects.

It has been conceded by eminent scientists that outward applications, such as rubbing with oils, ointments, liniments and soothing lotions will not eradicate these diseases which are the result of the poisoning of the blood with Uric Acid.

SALICYLICA works with marvelous effect on this acid and so removes the disorder. It is now exclusively used by all celebrated physicians of America and Europe. Highest Medical Academy of Paris reports 95 per cent. cures in three days.

REMEMBER

that SALICYLICA is a certain cure for Rheumatism, Gout and Neuralgia. The most intense pains are subdued almost instantly.

Give it a trial. Relief guaranteed or money refunded.
